

Date: 03-March-2025**Reference Number:** KIPIC/A&C/MS/QA&BE/EL/25/12**WHOM SO EVER IT MAY CONCERN**

We are pleased to inform you that our management system in line with the following standards is managed digitally in a single platform with the support of **"Digital Platform IMS Application" developed and supported by Al Manal Management System Est team. (CR No.: CN-1008889, PO Box: 111569, Abu Dhabi, United Arab Emirates)**

- ISO 9001:2015 "Quality Management System",
- ISO 14001:2015 "Environment Management System"
- ISO 45001:2018 "Health & Safety Management System"
- ISMS 27001:2022 "Information Security Management System"
- ISO 50001:2018 "Energy Management System"
- ISO 22000:2018 "Food Safety Management System"
- ISO 22301:2019 "Business Continuity Management System"
- ISO 17025 "Laboratory Information Management System"
- ISO 56002:2019 "Innovation Management System"

We are using the application since April 2023, and we are working with the Al Manal team for the customization and adding new modules as and when required.

As application provides customizable workflows for every management system assurance process with the provision of integration with "third party application" is effectively supporting the organization to implement entire management system effectively.

As Al Manal Management System team is coming with the rich experience of management systems it was easy for the organization to implement system. Now we have entered the phase of "Annual Maintenance Support".

We recommend highly utilizing the expertise and IMS Application Digital Tool of Al Manal Management System Est. (Abu Dhabi, United Arab Emirates) for digitizing entire management system in a single platform.

With the aim of achieving management system objectives, we focused on optimizing internal processes, frameworks and systems, and with the support of IMS Digital Platform "IMS Application" we are able to implement the management system efficiently and effectively which is helping is to achieve our objectives smoothly.
