

Date: 02-April-2025**Reference Number:****WHOM SO EVER IT MAY CONCERN**

We are pleased to inform you that **LAXMI PUMPS PVT. LTD. UNIT-2 (LADA Foundry)** Management has taken initiation to manage their existing management system digitally on a single platform. We have utilized the expertise and the product of M/s. RIMBUSS Private Ltd. **(CIN: U72900KA2021PTC153065, registered in Bangalore, Branch Office is in Hubli, Karnataka)**

Using digital platform "IMS Application", we are managing our certified management system digitally in line with the following management system standards:

- ISO 9001:2015 "Quality Management System",
- IATF 16949:2016

We started the project in August 2024 and completed in the month of March 2025. We worked closely with the RIMBUSS team for the customization and adding new modules as and when required.

As application provides customizable workflows for every management system assurance process with the provision of integration with "third party application" is effectively supporting the organization to implement entire management system effectively.

As the RIMBUSS team is coming with the rich experience of management systems it was easy for the organization to implement the management system. Now we are in the processes of developing 5 Core QC tools.

We recommend utilizing the expertise of the RIMBUSS team and IMS Application Digital Tool of RIMBUSS Est. for digitizing the entire management system in a single platform.

Key benefits of the digital solution:

- Workflow driven solution
- Entire management system information is available in a single platform
- Retrievability improved
- No printed papers
- No heavy dependency on the personnel
